

R-type holders for cable, with mounting hole, white,

The R-shaped fixture (clip) is intended for fixing individual cables or bundles of cables to any flat surface with screws or self-tapping screws. NIKOMAX fasteners are made of nylon, have an R-shaped, mounting hole with a diameter of 4.5 mm and allow you to fix cables or bundles of different diameters. Made in white and delivered in a package of 100 pieces.
