

NIKOMAX Nut ejector is designed to remove and insert the cage screw nuts from the rack strips. Saves your fingers when installing and uninstalling cage nuts.

NMC-NUT-INJ-OR nut ejector is an invaluable helper for engineers and installers who wants to insert or extract the cage nuts (e.g. in 19" racks, or matching components). It is very easy to use and reduces the risk of injury when installing or removing the devices with screwdriver or other inappropriate implement. Moreover, this new handy tool ensures that there will be no damage to the cabinet or devices.
