

NMC-PM1P-ST-PH-WW

Mosaic Insert 22.5x45 mm, 1 port, with shutter

For the organization of information ports in the workplace with the help of boxes, columns and internal sockets, a wide range of inserts of the French standard Mosaic 22.5x45 are used. The inserts are fixed in the front panels with the help of convenient latches and, if necessary, are easily dismantled. For NMC-PM1P-ST-PH-WW, 1 Keystone module of any type is installed in the insert. While for NMC-PM1UD2-AH-WW and NMC-PM1UE2-AH-WW, Cat.5e and Cat.6 Keystone modules are installed in the inserts, respectively.

The inserts are provided with a curtain to protect the socket from dust when the patch cord is disconnected. In addition, there is additional area for marking, closed with removable transparent cover. These inserts are construction-compatible with Valena system, including the color which are well-match with each other.

Ordering Table

P/N	Ports	Category	Individual packaging		Group packing			Transport packaging		
			Volume, m3	Weight, kg	Quantity	Dimensions, mm	Weight, kg	Quantity	Dimensions, mm	Weight, kg
