

Base for cable ties, self-adhesive with two mounting holes, white

The base for cable ties is designed for mounting nylon cable ties on various surfaces. The base is fixed by gluing it on a flat surface with a self-adhesive part, and if there is a mounting hole with screws or self-tapping screws.

The NIKOMAX self-adhesive cable tie mounts is made of ABS plastic, the mount is made by gluing it on a flat surface with a self-adhesive part. The base has additional holes for screws for a more secure fit. It is made in two variants 20 x 20 mm and 28 x 28 and comes in a package of 100 pieces.
