

NIKOMAX Wall-mounted faceplates are designed to install inserts for modules such as Keystone to organize information ports in the workplace, as well as to install other mechanisms compatible with the British standard (50x50 mm).

The front panels **NMC-PL1PB-WT** and **NMC-PL2PB-WT** hold 1 or 2 inserts of British format 50x50 mm, respectively. At the base of the panels there are metal subframes for mounting on the mounting boxes and coasters with an interaxial distance between the screws of 60 mm or 120 mm.
