

**NMC-PB0P-PH-WT - blank bezel 12,5x50**

For the organization of information ports in the workplace with the help of boxes, columns and internal sockets, a wide range of inserts of the British format 50x50 mm are used. The inserts are xed in the front panels with the help of convenient latches and, if necessary, are easily dismantled. Depending on the model, 1 or 2 Keystone modules of any type are installed in the insert.

The inserts are installed in the faceplates, boxes and wall boxes of the british format 50x50.

**NMC-PB0P-PH-WT**
