

NMC-SWBxx-010-BK

NIKOMAX spiral tape for the organization and protection of cable bunches, black, 10 m

- ✓ Made of PE
- ✓ Wide operating temperature range
- ✓ Does not damage cable insulation

Spiral wrapping tape is designed to organize several cables in a set, which protects the cable from friction and mechanical stress. Allows you to quickly bundle cables inside distribution cable channels, trays and distribution cabinets.

The NIKOMAX spiral tape is made of polyethylene. It is intended for the organization of bunches of a cable with a diameter up to 100 mm. It is made in black color and comes in a roll of 10 meters.
