

NMC-CMR-x-YL-500

NIKOMAX Cable Marker, tubular, elastic, under cables 3,6-7,4mm, yellow, package 500pcs.

- ✓ Made of flexible polyvinyl chloride
- ✓ The ability to change the diameter

Cable markers are designed for labeling cables, conductors and connections. Marking is performed to ensure that the components differ in their belonging and characteristics.

NIKOMAX Cable Markers are made of non-combustible, flexible polyvinyl chloride, resistant to oils and erosion. Markers have a tubular shape with a hollow inner part, which allows you to securely fix the markers on conductors with a diameter of 3.6 to 7.4 mm.

In the NIKOMAX product line there are options with both digital (1-9) and alphabetic markings (A-F).

SPECIFICATIONS

Vendor code	NMC-CMR-x-YL-500
Color	Yellow
Type	Tubular
Material	Polyvinyl chloride
Marking	A, B, C, D, E, F, G, H, J, K / 0 - 9 / -
Permissible diameter of conductors	3.6 - 7.4 mm
Package Quantities	500 pcs.
Temperature range	Storage from -40 to +80 ° C. Installation from - 40 to +80 ° C. Operation from -40 to +85 ° C.
Warranty	1 year
Packaging	Reel in box

ORDER TABLE
